1	Material	Object text 3	PP900	Approved Qty: 5

5. Task: Displays all the task assigned for the notification id.

The screenshot shows the SAP Notification App interface. On the left, a sidebar lists notifications with IDs 00000001 through 00000004, each with a timestamp and the material 'Steel'. The main area displays the details for notification ID 00000001, including System ID: SYS1, Reported On: 2021-01-01T18:25:43.511Z, Material: Steel, and Reference: 00001. Below this, there are five tabs: General, Documents, Materials, Task, and Attachments. The 'Task' tab is selected, showing a table of tasks assigned to this notification.

Task ID	Task Code Text	Task Text	Status	Responsible
0001	Task code text	Task text	RELEASED	Released
0002	Task code text	Task text	RELEASED	Released
0003	Task code text	Task text	RELEASED	In Progress

6. Attachments: Displays all the attachments related to the notification id. Here you can also add, delete and edit the attachments.

The screenshot shows the SAP Notification App interface with the 'Attachments' tab selected. The main area displays the details for notification ID 00000001, including System ID: SYS1, Reported On: 2021-01-01T18:25:43.511Z, Material: Steel, and Reference: 00001. Below the tabs, there is a list of attachments. Two attachments are shown: 'image.jpg' and 'document.pdf', each with a checkbox, a document icon, and edit/delete icons.

Attachment Name	Icon	Actions
<input type="checkbox"/> image.jpg	Image icon	Edit (pencil) Delete (x)
<input type="checkbox"/> document.pdf	Document icon	Edit (pencil) Delete (x)
