

Post Tracking App

Post Tracking App is designed to help businesses and organizations efficiently manage and monitor their purchase orders (POs) throughout the procurement process. It help organizations streamline their procurement process, reduce errors, control costs, and improve transparency and accountability in purchasing activities.

The App contains four Steps

1. Po Line Items
2. Select Serial numbers
3. Provide Logistics Info
4. Confirm Shipment

Preview

Purchase Order Tracking App

1 Select PO Items 2 Select Serial Numbers 3 Provide Logistics Info 4 Confirm Shipment

1. Select PO Items

Purchase Orders ⓘ Select one or more items of the same PO and Destination.

↺ Collapse all ↻ Expand all ⚠ SYSTEM NOT CONNECTED
